ABOUT US!

Amko Fence & Access Control Systems is a distributor / installer of fence, gates, access control equipment, and perimeter security products. Our products include aluminum gates and gate operators for industrial, commercial and residential applications. We offer access controls, CCTV, telephone entry systems, mag locks, turnstiles, and much more.

Our professional staff can assist you with your project design and technical support and just as important, service after the install. We offer service contracts on service on as needed basis by our factory trained technicians on our equipment or your preexisting equipment.

Amko Fence installs only the highest quality products and has been doing so since 1976.

Fence options have greatly increased over the years and Amko has kept up with the trends, styles and options. We are proud to install everything from residential fencing to the high security industrial project.

We offer custom fabrication to meet ANY need. Our employees are OSHA & TWIC certified and can be specifically trained for any plant if we are already not site specific for your plant.

You can now call us for your steel building needs! We are a LA State Licensed General Contractor.

Amko Fence & Steel Co., LLC

Since 1976!

**Your Complete Perimeter
Security Provider**

Amko Serves:

- Industrial
- Commercial
- Residential

Amko Provides:

- Access Controls
- High Security
- Homeland Security
- Steel Buildings
- Free Estimates

Amko is:

- Licensed & Insured
- Locally Owned

Industrial

AMKO specializes in fencing applications for the petro chemical industry. Whether its perimeter security, access controls, or interior fence, we can meet your specific need. We offer industrial grade products that meet ASTM or federal specs. All of Amko's industrial pipe is schedule 40 ASTM Grade A-53.

High Security / Homeland Security

Amko installs the latest Perimeter Security Detection Products on the planet!

Amko offers many fences, gates, and access items that meet the governments K Crash Ratings and we have OSHA & TWIC carded personnel for your project.

We can protect any chemical plant, refinery, government or high security Facility.

Commercial

AMKO offers a broad product mix for any commercial application. We have many products that can beautify your property while still offering security.

Access Control

We are a distributor / installer of gate and access control equipment and perimeter security products. Our products include aluminum gates and gate operators for industrial, commercial and residential applications, access controls, CCTV, telephone entry systems, mag locks, turnstiles and much more.

Gates

From the smallest of decorative residential gates to the largest industrial security gates – We have whatever you need.

Residential

Amko is proud to have a strong presence in the residential market. Come see our display comparing our product to the big box centers. You will be surprised at the cost vs. quality. Amko wins this battle every time.

Whether it's for your child's safety, pet containment, the swimming pool, or just to beautify your property, we have the fence that meets your needs. One of our most popular fences is our powder-coated aluminum. This fence is available in many different heights, styles, and colors. Amko aluminum fences and aluminum deck railing offer the elegance and protection of traditional wrought iron without the maintenance. These fences will not rust or need repair and they have a Lifetime Warranty.

In addition to aluminum, we offer many other styles of residential fence;

Steel ♦ Wood ♦ Chain Link ♦ PVC ♦ Farm Fence
Estate Entry Gates ♦ Vinyl Coated Chain Link

Steel Buildings

We offer steel buildings of all sizes. We can also re-roof and repair existing buildings.
